

FESTIVAL REPUBLIC - CAMPERVAN & CARAVAN TERMS & CONDITIONS

As part of our terms and conditions we do not permit makeshift campervans/caravans on site at our events. Many won't have sufficient ventilation, water or door separation, and the risk from the gas and fire is an obvious one.

Festival Republic and Department for Transport definition of campervans/caravans:

- There must be a door that provides access to the living accommodation.
- A bed, which is an integral part of the living quarters which has a minimum length of 1800mm or 6 feet. This can be converted at night from seats used for other purposes during the day but must be permanently fixed within the body of the vehicle.
- There must be a water storage tank or container on or in the vehicle.
- A seating and dining area permanently attached to the vehicle. The table may be detachable but must have some permanent means of attachment to the vehicle. It's not good enough to have a loose table.
- There must be a permanently fixed means of storage, a cupboard, locker or wardrobe.
- There must be at least one window on the side of the accommodation

Access and use of the campervan area is provided subject to the following Festival Republic Terms and Conditions (T&C's). Purchasing a permit constitutes your acceptance of these T&C'S.

These T&C'S are in addition to the main ticket T&C'S which are provided on the official website and on the back of any Festival Republic Festival ticket.

TICKETS/PASSES

CARS AND ARRIVAL

A windscreen routing hanger will be sent to you with your Campervan/Caravan ticket with travel directions. Please follow these directions as they will get you there quicker than you Sat Nav route.

Towing vehicles must remain with the caravans, not parked elsewhere.

The designated campervan/caravan area of the site is the only place where ticket holders can sleep in vehicles.

We do not permit sleeping in cars and security will ask you to leave the car park.

We do not permit the use of any cylinder stored outside a gas locker over 7kg.

Cylinders should be stored in the unit's gas locker.

Gas cylinders must always be transported and secured in a vertical position, as lying them down may cause liquid LPG to escape through the valve and become a large volume of combustible gas

Generators and gas cylinders over 7kg in gas weight ARE NOT PERMITTED in this field or anywhere else onsite and will be confiscated.

Open fires are NOT permitted. Barbecues can be used in these fields, but they must be at least 3m away from any vehicle or structure.

PASSES

If you have pre-purchased a campervan pass and received a window hanger from Ticketmaster, please display this clearly by hanging it from your rear-view mirror before you approach White Gate. If you have not received a window hanger, please contact Ticketmaster Customer Services at least 3 days before you set off for the festival.
